Mission statement: OACAC strives to provide expert analysis, professional development and innovative opportunities through an extensive network of college admission professionals and high school counselors as we prepare for the future and advocate for college counseling initiatives.	Vision Statement: Principles to which we adhere to support our mission: Educate: Workshops surrounding trending issues in college counseling, changing legislation, and revisions of national testing are provided through OACAC programs and events to better prepare members to be college counselors; Advocate: Whether it is through local or national government, grant funding for strategic initiatives, or programs and workshops, OACAC advocates for college counseling initiatives; Connect: Members expand their professional networks through OACAC programs, national conferences, and social media streams; Prepare: The events, workshops, conferences, website, and listserv provide avenues and opportunities for members to be successful professionally and personally while serving their students at a higher level.
